

MOHAMMAD ABRAR

React Native Developer

Udaipur, Rajasthan, India | +91 9950786083 | abrarchhipa23@gmail.com | GitHub: github.com/AbrarChhipa

PROFESSIONAL SUMMARY

React Native Developer with 1.5+ years shipping production cross-platform apps (Android/iOS) using React Native, React.js, TypeScript, Redux Toolkit, RTK Query, REST APIs, Razorpay, AWS S3, and Firebase Auth.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, C, HTML, CSS

Frameworks & Libraries: React Native (Android & iOS), React.js, Redux Toolkit, RTK Query, Expo

APIs & Integration: REST APIs, Axios, Third-Party API Integration, Payment Gateway Integration (Razorpay)

Authentication & Security: Firebase Authentication, Token-Based Authentication, Google Sign-In, Apple Sign-In, Firebase OTP

Tools & Platforms: Git, GitHub, BitBucket, Postman, Visual Studio Code, Android Studio, Xcode, Windows

Core Competencies: Cross-Platform Mobile Development, Performance Optimization, Video Processing (Reels/Stories), Live Streaming (ZegoCloud), UI/UX Design, App Store & Play Store Deployment

WORK EXPERIENCE

Websenor Infothech Pvt. Ltd.

Udaipur, Rajasthan

React Native Developer

Jan 2025 – Present

- Contribute to 15+ production React Native applications and independently design, develop, and deliver 5 complete mobile applications from concept through deployment.
- Engineer a high-performance video upload module supporting files of 4GB and larger using AWS S3 multipart upload, achieving upload speeds of 400–500 MB in approximately 2 minutes through optimized bandwidth management.
- Develop Instagram-style Reels and Stories features, including multi-story upload, pinch-to-zoom stickers and text overlays, and custom doodle tools for both images and videos.
- Implement real-time live streaming with integrated chat using ZegoCloud, enabling scalable, low-latency communication.
- Integrate secure authentication flows (Google Sign-In, Apple Sign-In, Firebase OTP) and push notifications using token-based architecture.
- Optimize API integration using Axios and RTK Query, improving caching efficiency and reducing latency by 30%.
- Publish and manage application releases on Google Play Store and Apple App Store, including signing certificates and **Apple Push Notification service (APNs)** configuration.
- Deliver features for 3 external client projects as an outsourced engineer, consistently meeting strict deadlines.
- Enhance application performance through optimized React Hooks usage and improved component architecture.

Lakebrains Pvt. Ltd.

Udaipur, Rajasthan

Web Developer Intern

Jul 2024 – Dec 2024

- Developed and optimized web applications and Chrome extensions using React.js.
- Built reusable UI components to improve development efficiency and code maintainability.
- Integrated REST APIs for dynamic data fetching and real-time state updates.
- Collaborated with designers and backend developers to deliver high-quality, user-focused web solutions.
- Ensured cross-browser compatibility and fully responsive UI across mobile and desktop devices.

PROJECTS

BlindAssist App | React Native, SQLite, NFC | Jul 2026

- Developed an accessibility-focused React Native application featuring voice-guided navigation, accessible UI components, NFC-based information reading, and hardware volume-button controls for visually impaired users.
- Implemented offline data storage using SQLite and a custom Venue Mode feature, enabling venue-specific JSON data to be imported, stored, and accessed through voice-guided interactions.

Turf Booking Application | React Native, Redux, Razorpay | Mar 2026

- Built a two-sided turf booking platform serving both facility owners and customers, including owner onboarding and verification, turf listing management, slot management, and customer booking workflows.
- Implemented flexible booking types (slot-wise, full-day, multi-day, corporate, and tournament bookings) with integrated Razorpay payment processing and real-time availability management.

Digital Gold Investment App | React Native, Razorpay | Dec 2025

- Developed a digital gold investment app enabling users to purchase and manage gold holdings, with portfolio and transaction-history tracking.
- Integrated Razorpay payment gateway and third-party APIs for real-time gold pricing and purchase transactions.

EDUCATION

Geetanjali Institute of Technical Studies

Bachelor of Technology (B.Tech), Computer Science — GPA: 8.4/10.0

Udaipur, Rajasthan
